

AUTHOR INDEX TO VOLUME XIX

- Altman, Moses, and Rieger, M. M., The function of Bandrowski's base in hair dyeing, 141
- Armstrong, N. A., The hydrolysis of mono-stearin in an acidic medium, 707
- Artingstall, R. W., The importance of product testing in the sphere of product development, 21
- Baines, R. G., and Cope, G., Mixing and dispersion techniques, 225
- Barry, B. W., and Warburton, B., Some rheological aspects of cosmetics, 725
- Boehm, E. E., Synergism *in vitro* of certain antimicrobial agents, 531
- Bohac, Stanley, Conductometric testing and corrosion study of nonanhydrous ethanol systems for hair spray, 149
- Böllert, Volker, and Eckert, Lieselotte, Quantitative study of bleaching of human hair, 275
- Bornstein, Michael, Color and its measurements, 649
- Brock, T. A., The dispersion of pigments into dry powder base: A comparison between three mechanical methods, 469
- Brody, Frederick, and Burns, M. S., Studies concerning the reactions of oxidation dye intermediates, 361
- Brown, James, Jr., see Casely, R. E.
- Burns, M. S., see Brody, Frederick.
- Casely, R. E., Brown, James, Jr., and Taber, David, Antibacterial synergism in systems comprised of halogenated bisphenols and substituted ureas, 159
- Caul, J. F., and Raymond, S. A., Comparison of local *vs.* national consumer panels in a paired preference test. II. Evaluation of responses, 381
- Cope, G., see Baines, R. G.
- Cornish, R. M., Studies of glyceryl mono-stearate, 109
- Cox, P. H., and Sewell, B. A., The metabolism of steroids by *Cladosporium herbarum*, 461
- Crawford, B. H., Eyesweet and color science in cosmetics, 503
- Daley, P. D. W., Modern lipstick base manufacture, 521
- Deem, D. E., and Rieger, M. M., Mechanical hysteresis of chemically modified hair, 395
- Demers, F. X., see Dolinsky, M.
- Den Beste, Marion, and Moyer, Alan, An instrumental description and classification of natural hair color, 595
- Dolinsky, M., Wilson, C. H., Wisneski, H. H., and Demers, F. X., Oxidation products of *p*-phenylenediamine in hair dyes, 411
- Dravnieks, A., Krotoszynski, B. K., Lieb, W. E., and Jungermann, E., Influence of an antibacterial soap on various effluents from axillae, 611
- Eckert, Lieselotte, see Böllert, Volker.
- Elfbaum, S. G., and Laden, Karl, The effect of dimethyl sulfoxide on percutaneous absorption: A mechanistic study. Part I, 119. Part II, 163. Part III, 841
- Finkelstein, Paul, and Laden, Karl, An objective method for evaluation of dandruff severity, 669
- Flesch, Peter, Chemical studies of the iron pigments of red hair and feathers, 675
- Forbriger, A. W., see Lichtin, J. L.
- Goldemberg, R. L., and Tucker, H. H., Effect of base components on the properties of oxidation hair dyes, 423
- Hamill, R. D., see Petersen, R. V.
- Heilingötter, Richard, The function of Bandrowski's base during hair dyeing, 823
- Herzog, Wolfgang, see van Ham, Goswin.
- Hu, Funan, Melanocytes and melanin pigmentation, 565
- Jungermann, E., see Dravnieks, A.
- Kastner, Dietrich, Perfume and allergy, 807
- Koehler, F. T., see Micchelli, A. L.
- König, Hans, Experiments on the absorption of radioactively labeled materials by extracted teeth, 769
- Krotoszynski, B. K., see Dravnieks, A.
- Laden, Karl, see Elfbaum, S. G., and Finkelstein, Paul.
- Lichtin, J. L., Forbriger, A. W., and Reiss, C. R., A permanent wave neutralizer: Its performance and mechanism of action, 849
- Lieb, W. E., see Dravnieks, A.
- Lin, T. J., Effect of initial surfactant locations on the viscosity of emulsions, 683

- Loffelman, F. F., The rationale of a dyes synthesis program, 351
- Ludford, S. M., The role of consumer studies in research, 37
- Maso, H. F., Annual report of the President, 69
- Methods of Analysis Subcommittee of the Society of Cosmetic Chemists of Great Britain, Estimation of hexachlorophane in cosmetic products, 213
- Micchelli, A. L., and Koehler, F. T., Polymer properties influencing curl retention at high humidity, 863
- Middleton, J. J., A titration method for the determination of the HLB's of emulsifiers, 129
- Milstead, K. L., G. Robert Clark, eulogy, 76
- Montagna, William, and Uno, Hideo, Baldness in nonhuman primates, 173
- Moyer, Alan, see Den Beste, Marion.
- Münzel, Kurt, The gel structure of ointments, 289
- Petersen, R. V., and Hamill, R. D., Studies on nonaqueous emulsions, 627
- Pochi, P. E., see Strauss, J. S.
- Polano, M. K., The interaction of detergents and the human skin, 3
- Proppe, Albin, The relationship between esthetic medicine and cosmetic chemistry, 799
- Pugh, C., Some experiences in developing a *Votator* plant and process, 245
- Purser, R. D., Economic employment of the blind—a possible solution, 745
- Raymond, S. A., see Caul, J. F.
