# Croda: Positively Different™

With a long history of reporting, sustainability is an **integral** part of our Business, informing and guiding our development strategies. With around 60-70% of our raw materials coming from renewable sources, the **Ingredient Integrity™** of our products is central to our existing and future sustainable innovations. The **intimacy** of our customer relationship helps us to understand and meet both their needs and the demands of their consumers.

We can support you in meeting your sustainability goals and help you create new opportunities to have a sustainable **impact** on our world. Contact us to discuss how today.
