CELEBRATING

70

The number '70' is rendered in a large, bold font with a gold glitter texture. The zero is particularly large and contains a smaller, white version of the torch logo inside its center. The background behind the numbers consists of several thin, wavy lines in shades of blue and gold, creating a sense of movement and depth.

In this anniversary year, NYSCC will be celebrating 70 years of cosmetic science leadership while recognizing decades of inspiration, innovation and game changing ingredients and formulations that have become synonymous with its main event, Suppliers' Day!
